EDUCATION

Bachelor of Science in Computer Science | *Cum Laude* **2021 – 2025**
Gordon College

PROFESSIONAL EXPERIENCE

IT DevOps & UI/UX Designer | Internship **Feb 2025 – Aug 2025**
Planate Management Group *Hybrid*

- Assisted in planning, tracking, and monitoring project deliverables during Agile sprints, collaborating with developers and project managers to track deliverables.
- Conducted User Acceptance Testing (UAT) across multiple projects, identifying and resolving 25+ user-experience issues before deployment.
- Designed and developed 5+ internal and client-facing systems, enhancing user task efficiency through refined interface workflows.
- Supported frontend development using HTML, CSS, JavaScript, Tailwind, and React.js, contributing to a 10% faster project turnaround during sprints.

UI/UX Designer | Internship **May 2024 – Sep 2024**
Kave Guild *Remote*

- Produced 10+ wireframes, mockups, and interactive prototypes in Figma, including website design replications to study layout and visual consistency.
- Conducted user research and case studies involving user personas, requirement analysis, usability evaluation, improving design alignment with user needs.
- Designed a high-fidelity prototype named “Eventora”, an event discovery and management platform inspired by Eventbrite, showcasing strong conceptual and UX problem-solving skills.

PROJECTS

Iram II Elementary School Student Transcript and Academic Records System | Project Manager & UI/UX Designer **Apr 2025 – Jun 2025**
Installer Link: https://bit.ly/IRAM-SYSTEM-INSTALLER

- Technologies Used: PostgreSQL, Express.js, ReactJs, Node.js
- Led a 7-member team through the full SDLC by tracking project timelines, milestones, and deliverables, completing the system 2 weeks ahead of schedule.
- Conducted requirements gathering and workflow documentation with school stakeholders, analyzing manual business processes and proposing system improvements.
- Implemented process improvements that reduced manual record retrieval time by 60%, ensuring 100% functional compliance with stakeholder requirements.
- Prepared comprehensive project documentation, including the project charter, user manual, and progress reports for smooth handover and system sustainability.

A&M Website | UI/UX Designer & Frontend Developer **Feb 2025**
Website Link: https://amelectric.us/

- Technologies Used: HTML, CSS, JavaScript, PHP, MySQL
- Developed a fully responsive electrical company website with 100/100 Best Practices, ensuring clean code, maintainability, and high-quality front-end standards.
- Designed cohesive UI components aligned with branding, improving visual consistency and navigation across 5+ pages.

Lunas Talaan | Project Manager, UI/UX Designer & Developer **Jan 2024**
APK Link: https://tinyurl.com/lunastalaanAPKlink

- Technologies Used: Flutter Framework, Firebase, HTML, CSS & JavaScript
- Led development and deployment of a mobile app and promotional website, achieving 800+ combined downloads on the Amazon Appstore and APKPure and 1,200+ website visits.
- Secured Top 20 finalist placement out of 222 nationwide entries in AppCon 2023 application development, organized by OTIS Japan Inc.
- Managed project documentation, marketing strategies, content management, and coordinated with stakeholders to ensure timely delivery and effective promotion.

Pleyn Clothing | Developer **May 2023**
GitHub Link: https://bit.ly/PLEYNClothing

- Technologies Used: HTML, CSS & JavaScript
- Developed a responsive e-commerce website prototype with interactive product displays, improving user navigation and engagement.
- Implemented a basic shopping cart system, allowing seamless product selection and checkout simulation.

LEADERSHIP & EVENT COORDINATION

Resource Speaker | Webinar Title: Project Management for IT Students: Turning Ideas into Deliverables **Oct 2025**

- Delivered a 90-minute webinar to 120+ participants covering entry-level project management concepts, including the 10 knowledge areas, core skills and competencies, SDLC process, and practical tips for effective people and project management.

Head Event Coordinator | Gordon College CCS Tech Fest 2025 **Feb 2025**

- Directed a team of 25+ student leaders in organizing the first-ever CCS Tech Fest, attended by 600+ participants from the local community, managing logistics, competitions, and promotions, resulting in a 90% satisfaction rate from post-event feedback.
- Secured partnerships with PLDT, DICT, and local NGOs, generating ₱100,000+ in sponsorships, donations, and event revenue for the college's laboratory room renovation.
- Prepared event reports, documentation, and stakeholder updates, ensuring transparency and accountability.
